

HELP US MAKE DIGITAL TECHNOLOGY MORE ACCESSIBLE FOR PEOPLE WITH DISABILITY

During disasters and emergencies many people with disability experience additional challenges and disadvantages, especially when they don't have the resources for a phone, computer or the knowledge and skill about being online.

Critical to helping decrease this risk and increase safety is having access to devices, data and the skills and knowledge to use it – especially during a disaster or the COVID-19 pandemic.

Being online is important. Its how we get news, information, ask for help or resources and keep getting the essential goods like food and medicine and stay connected to family, friends, services and supports people need related to their disability.

HOW YOU CAN HELP!

Got a device and want to help? We need you

By donating you will be helping Queenslanders with disability get devices so they can get information and stay connected to essential services and family, friends and workers especially during times of disaster or emergencies like the COVID-19 pandemic.

Donating is easy. If you are a company or individual with electronic devices you no longer need – you can donate them to our project partner GIVIT. Your donation will be paired up with a Queenslanders who needs to get digitally connected. Go to our appeals page at www.givit.org.au/digital-inclusion-queenslanders-with-a-disability

IT'S TIME TO MAKE SURE ALL PEOPLE ARE CONNECTED DIGITALLY

TO FIND OUT MORE ABOUT THE PROJECT AND HOW AND WHERE WE ARE WORKING GO TO WWW.QDN.ORG.AU/OUR-WORK/ACCESS-AFFORDABILITY-ABILITY-DIGITAL-INCLUSION/

The AAA Digital Inclusion Project is a partnership between Queenslanders with Disability Network (QDN), GIVIT, and Volunteering QLD and is proudly supported by QLD Government Department of Communities, Housing and Digital Economy and Queensland University of Technology (QUT).
