

Dear Ms Basanovic

I refer to Volunteering Queensland's *Volunteer Sector Election Platform*. The Animal Justice Party (Queensland) acknowledges the crucial role of volunteers in Queensland, both during disasters and throughout the year, especially as they help vulnerable people, injured and abandoned animals and environmental protection.

We agree that this sector needs further assistance to operate and we support the six points articulated in your *Volunteer Sector Election Platform*.

Kind regards

Dominique Thiriet  
Secretary
